

Ricky Flux

DJ / Producer / Sound Engineer

Amsterdam / Tenerife

Biography

Raised on the sun-soaked beaches of Tenerife and first inspired by Frankfurt's underground rave scene in 2010, Ricky Flux honed his craft in Amsterdam's storied club circuit. With vinyl at his fingertips, he brings that 'fiestita' spirit from Spain into every set, weaving minimalistic house into ro-minimal inflections, deep-house grooves, electro-infused latin-sparked rhythms, and dub textures.

A graduate of Abbey Road Institute and trained sound engineer, Ricky treats each DJ performance as raw material and an opportunity to experiment, combining different sounds and grooves that serve as the foundation for his productions. More than a DJ or producer, Ricky Flux is a sonic storyteller, building community, uplifting underground culture, and intentions of leaving a lasting mark on dancefloors from Amsterdam and Canary Islands to stages around the world.

Sound & Style

Signature Blend: Minimalistic roots that open up into lush, immersive soundscapes with intricate, layered rhythms.

Sets: Deep, groovy, and always evolving. Each performance is a seamless journey through captivating soundscapes and underground energy.

Visual Identity

Image Style: 4:5 vertical portraits, shot with analogue cameras on 35mm film, blending the bold neon purples and reds of club nights with the natural sunlight and warmth of island life. Always reflecting a true commitment to artistry and authenticity.
